

WEBINAR FOR TEXAS

Intro to New LTCMI/MDS Workflow in SimpleCFS™

What Texas providers need to know before Oct. 1

THU, SEP 21, 11:30 AM CT

simple.
a Netsmart solution

Your Speakers

Ethan Tayne

Solution Strategist, Simple Solutions

Jason Jones

VP and General Manager, Simple Solutions

Megan Ussery RN, RAC-CT

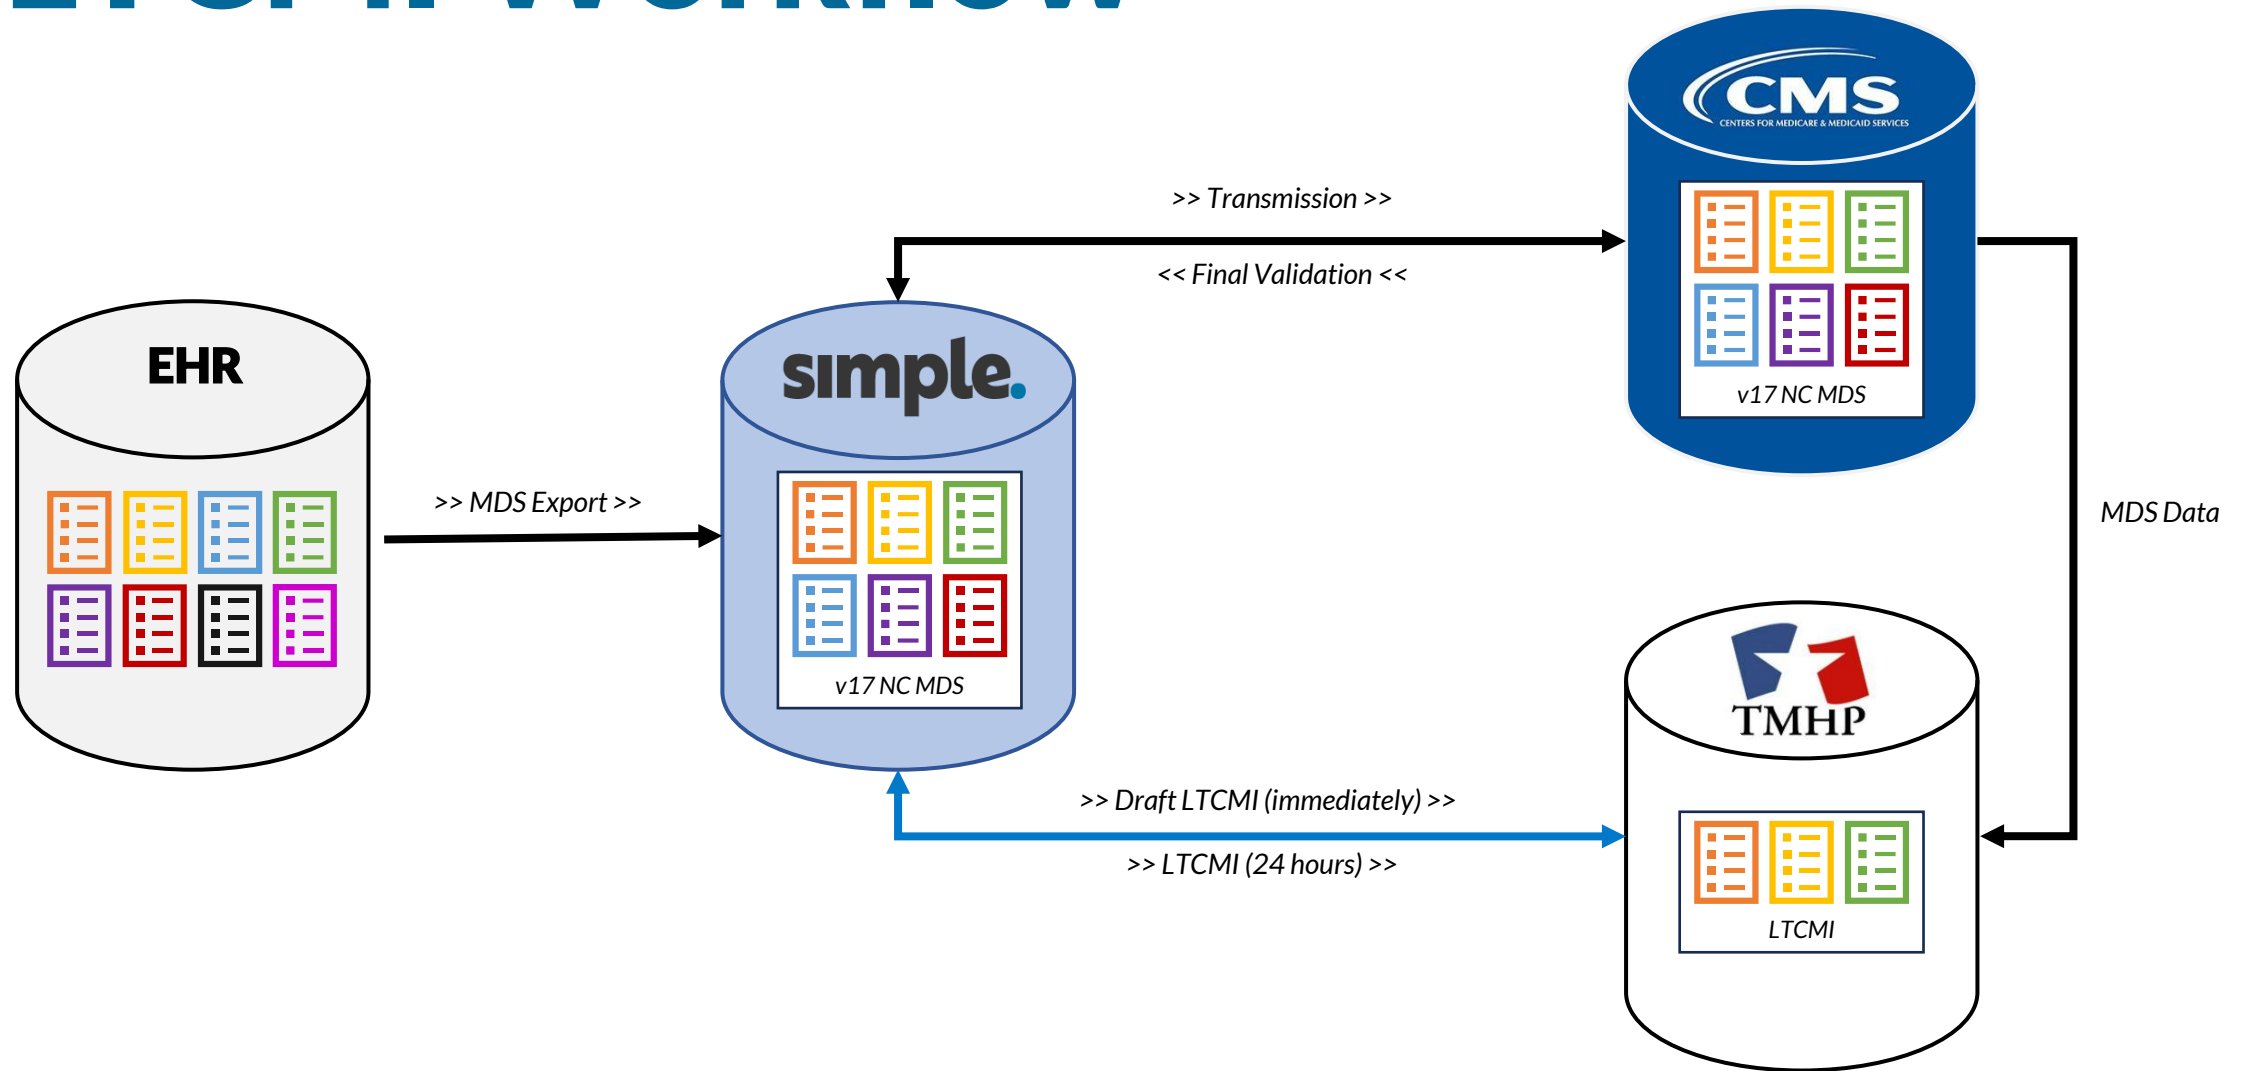

Director of Clinical Reimbursement, QRM

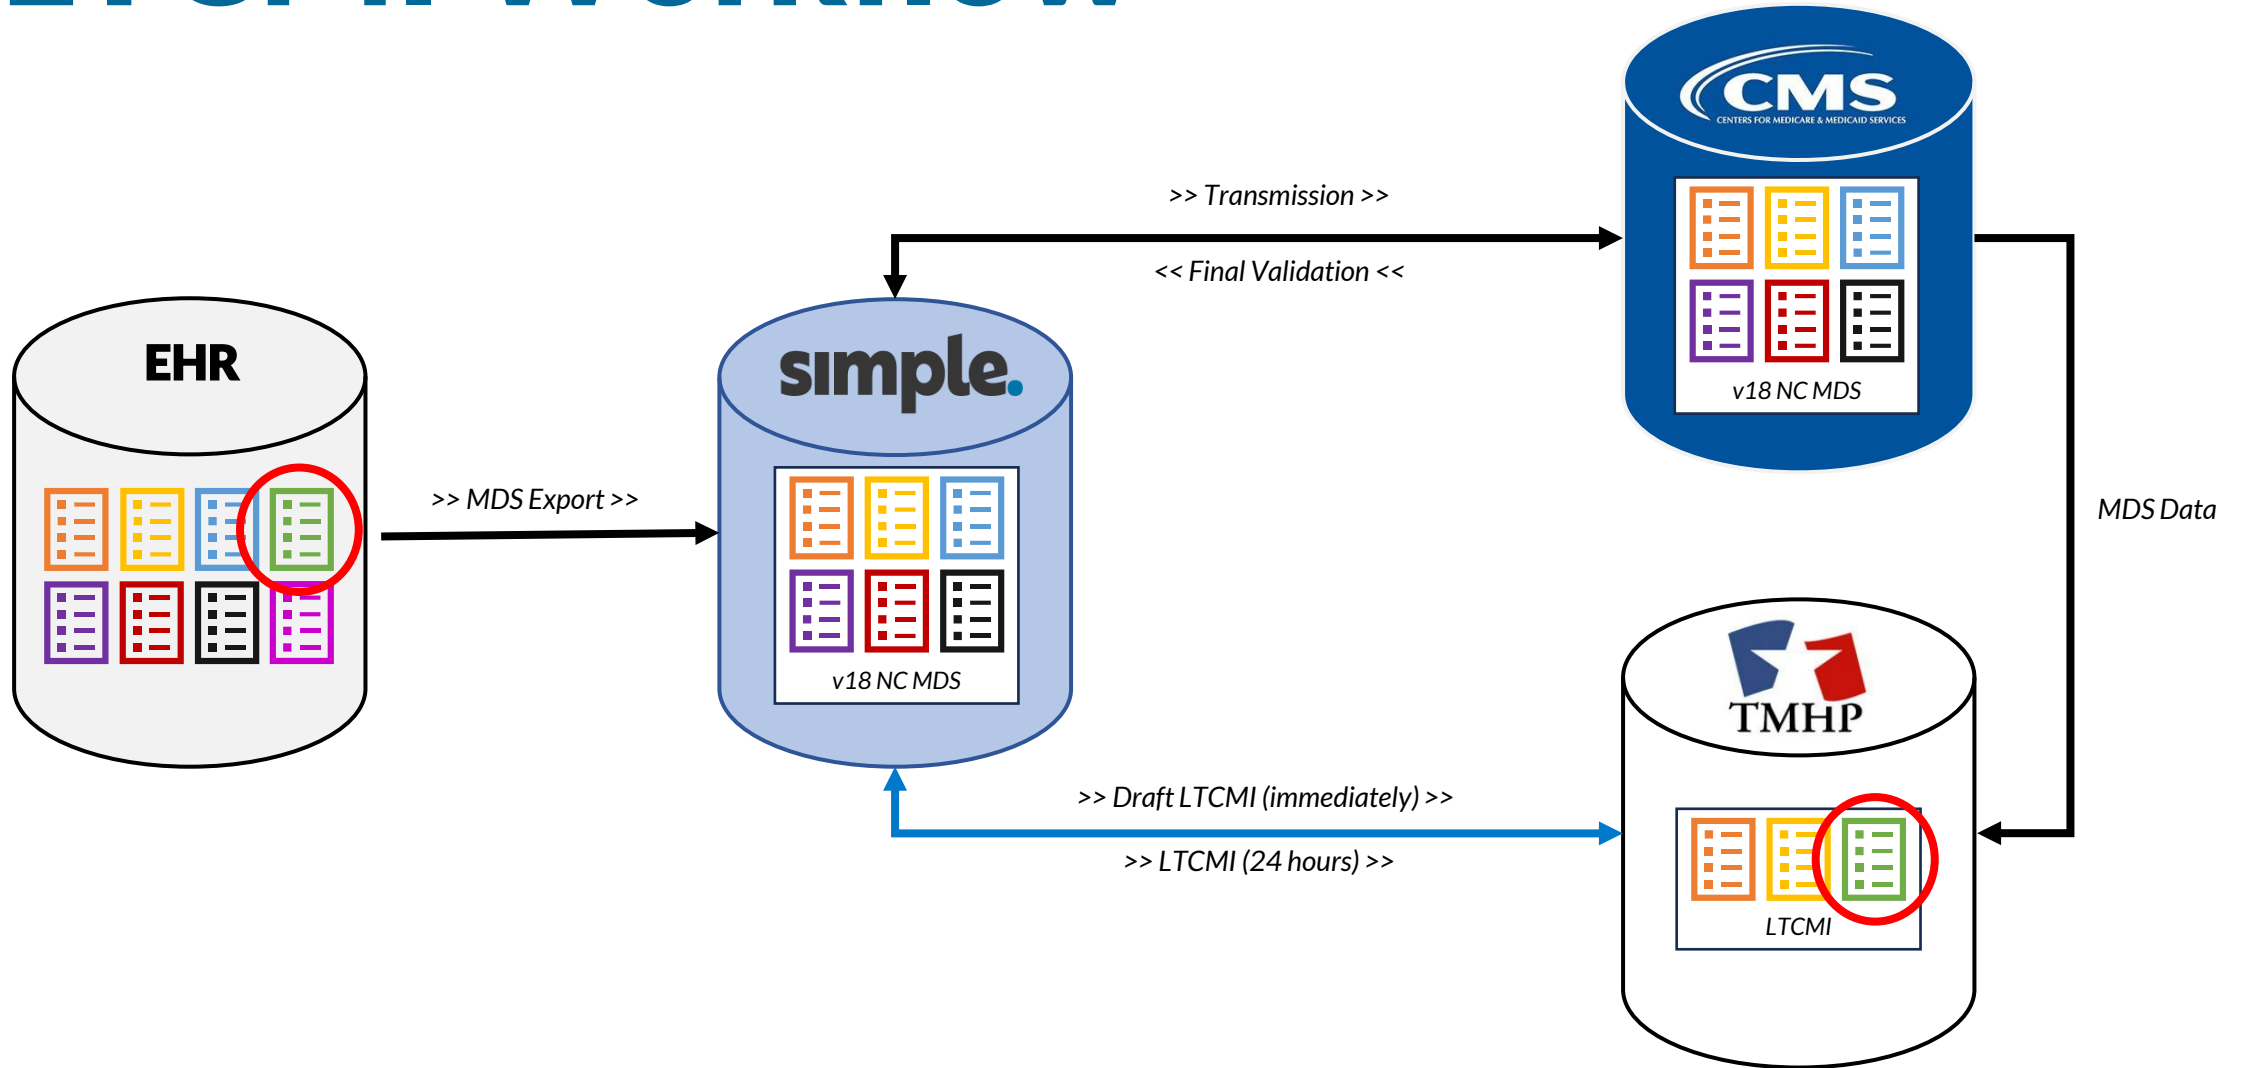

Objectives

- Understand the additional data to be collected on the LTCMI
- Discuss best practices for data collection
- Learn how Simple will help in the collection of this data
- Review the new workflow in SimpleCFS

LTCMI Workflow

LTCMI Workflow

Three Questions

How do we reliably collect data to reference when completing the LTCMI?

How does the missing data impact our current LTCMI workflow?

How do we keep the RUG levels in sync between the LTCMI and our EHR?

Poll Question

How much time do you think these changes will add to your workflow?

simple.
a Netsmart solution

LTCMI Workflow Changes

LTCMI Data Changes

What is not changing:

- SimpleCFS still creates a draft LTCMI immediately once a qualifying assessment is accepted by CMS.
- 100% of the LTCMI work will be done without needing TMHP access.
- End result is a RUG score for establishing Medicaid payment levels.

What is changing:

- New RUG Section added to v18 LTCMI form.
 - 55 fields previously auto filled, now required to be filled out by user.
 - 35 fields will be prepopulated by Simple using modified items in v18.
 - 20 fields no longer exist and must be filled out by user in SimpleCFS.

D0200 Resident Mood Interview (PHQ-9©)

Say to resident: "Over the last 2 weeks, have you been bothered by any of the following problems?"

If symptom is present, enter 1 (yes) in column 1, Symptom Presence.

If yes in column 1, then ask the resident: "About **how often** have you been bothered by this?" Read and show the resident a card with the symptom frequency choices.

Indicate response in column 2, Symptom Frequency.

	1. Symptom Presence	2. Symptom Frequency
A. Little interest or pleasure in doing things	-- Please Select --	-- Please Select --
B. Feeling down, depressed, or hopeless	-- Please Select --	-- Please Select --
C. Trouble falling or staying asleep, or sleeping too much	-- Please Select --	-- Please Select --
D. Feeling tired or having little energy	-- Please Select --	-- Please Select --
E. Poor appetite or overeating	-- Please Select --	-- Please Select --
F. Feeling bad about yourself – or that you are a failure or have let yourself or your family down	-- Please Select --	-- Please Select --
G. Trouble concentrating on things, such as reading the newspaper or watching television	-- Please Select --	-- Please Select --
H. Moving or speaking so slowly that other people could have noticed. Or the opposite – being so fidgety or restless that you have been moving around a lot more than usual	-- Please Select --	-- Please Select --
I. Thoughts that you would be better off dead, or of hurting yourself in some way	- Not assessed/no information	- Not assessed/no information

In most cases, SimpleLTC will prefill the **Resident Mood Interview** using modified items.

1. D0200A1, 2 > D0150A1, 2
2. D0200B1, 2 > D01a50B1, 2
3. D0200C1, 2 > D0150C1, 2
4. D0200D1, 2 > D0150D1, 2
5. D0200E1, 2 > D0150E1, 2
6. D0200F1, 2 > D0150F1, 2
7. D0200G1, 2 > D0150G1, 2
8. D0200H1, 2 > D0150H1, 2
9. D0200I1, 2 > D0150I1, 2

In some cases, the new PHQ-2 to 9 skip logic creates a gap with missing values for D0150C through D0150I.

Pro Tip: Complete the entire resident mood interview for all residents.

G0110 Activities of Daily Living (ADL) Assistance

A. Bed mobility - how resident moves to and from lying position, turns side to side, and positions body while in bed or alternate sleep furniture

1. Self-Performance

2. Support

B. Transfer - how resident moves between surfaces including to or from: bed, chair, wheelchair, standing position (excludes to/from bath/toilet)

1. Self-Performance

2. Support

H. Eating - how resident eats and drinks, regardless of skill. Do not include eating/drinking during medication pass. Includes intake of nourishment by other means (e.g., tube feeding, total parenteral nutrition, IV fluids administered for nutrition or hydration).

1. Self-Performance

2. Support

I. Toilet use - how resident uses the toilet room, commode, bedpan, or urinal; transfers on/off toilet; cleanses self after elimination; changes pad; manages ostomy or catheter; and adjusts clothes. Do not include emptying of bedpan, urinal or bedside commode, catheter bag or ostomy bag

1. Self-Performance

2. Support

SimpleLTC will NOT be able to prefill the **ADL** items since the responses to these items do not exist in v18 comprehensive assessments.

Pro Tip: Consider the time-frame for data collection and differences between Section GG coding vs Section G and the “rule of three”

K0510 Nutritional Approaches

Check all of the following nutritional approaches that were performed during the last 7 days

1. While NOT a Resident

Performed *while NOT a resident* of this facility and within the *last 7 days*. Only check column 1 if resident entered (admission or reentry) IN THE LAST 7 DAYS. If resident last entered 7 or more days ago, leave column 1 blank.

2. While a Resident

Performed *while a resident* of this facility and within the *last 7 days*

	1. While NOT a Resident	2. While a Resident
A. Parenteral/IV feeding	<input type="checkbox"/>	<input type="checkbox"/>
Feeding-tube – nasogastric or abdominal (PEG)	<input type="checkbox"/>	<input type="checkbox"/>
Z. None of the above	<input type="checkbox"/>	<input type="checkbox"/>

SimpleLTC will prefill the Nutritional Approaches using modified items.

1. K0510A1 > K0520A2
2. K0510A2 > K0520A3
3. K0510B1 > K0520B2
4. K0510B2 > K0520B3
5. K0510Z1 > K0520Z2
6. K0510Z2 > K0520Z3

Pro Tip: Review your look-back period and coding on the MDS to ensure accuracy.

O0100 Special Treatments, Procedures, and Programs

Check all of the following treatments, procedures, and programs that were performed during the last 14 days

1. While NOT a Resident

Performed *while NOT a resident* of this facility and within the *last 14 days*. Only check column 1 if resident entered (admission or reentry) IN THE LAST 14 DAYS. If resident last entered 14 or more days ago, leave column 1 blank

2. While a Resident

Performed *while a resident* of this facility and within the *last 14 days*

	1. While NOT a Resident	2. While a Resident
Cancer Treatments		
A. Chemotherapy	<input type="checkbox"/>	<input type="checkbox"/>
B. Radiation	<input type="checkbox"/>	<input type="checkbox"/>
Respiratory Treatments		
C. Oxygen therapy	<input type="checkbox"/>	<input type="checkbox"/>
D. Suctioning	<input type="checkbox"/>	<input type="checkbox"/>
E. Tracheostomy care	<input type="checkbox"/>	<input type="checkbox"/>
F. Invasive Mechanical Ventilator (ventilator or respirator)	<input type="checkbox"/>	<input type="checkbox"/>
Other		
H. IV medications	<input type="checkbox"/>	<input type="checkbox"/>
I. Transfusions	<input type="checkbox"/>	<input type="checkbox"/>
J. Dialysis	<input type="checkbox"/>	<input type="checkbox"/>

O0600 Physician Examinations

Over the last 14 days, on how many days did the physician (or authorized assistant or practitioner) examine the resident?

Please input a number between 1 and 14.

O0700 Physician Orders

Over the last 14 days, on how many days did the physician (or authorized assistant or practitioner) change the resident's order?

Please input a number between 1 and 14.

SimpleLTC will prefill Special Treatments, Procedures, and Programs column 2 using modified items.

1. O0100A2 > O0110A1b
2. O0100B2 > O0110B1b
3. O0100C2 > O0110C1b
4. O0100D2 > O0110D1b
5. O0100E2 > O0110E1b
6. O0100F2 > O0110F1b
7. O0100H2 > O0110H1b
8. O0100I2 > O0110I1b
9. O0100JA2 > O0110J1b

SimpleLTC will NOT be able to prefill the other missing items in Section O since the responses to these items do not exist in v18 comprehensive assessments.

Pro Tip: Mind the 14-day look-back period for these items and determine when you'll gather this information from the medical record.

A light blue silhouette of the state of Texas is positioned on the right side of the slide, serving as a background for the title text.
